About the Data

This data and other information described herein are as of and for the three months ended June 30, 2026 unless otherwise indicated. Future performance may not be consistent with past performance and is subject to change and inherent risks and uncertainties. This information should be read in conjunction with Broadstone Net Lease, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2025, including the financial statements and the management's discussion and analysis of financial condition and results of operations sections.

Forward Looking Statements

Information set forth herein contains forward-looking statements, which reflect our current views regarding our business, financial performance, growth prospects and strategies, market opportunities, and market trends. Forward-looking statements include all statements that are not historical facts. In some cases, you can identify these forward-looking statements by the use of words such as "outlook," "believes," "expects," "potential," "continues," "may," "will," "should," "could," "would be," "seeks," "approximately," "projects," "predicts," "intends," "plans," "estimates," "anticipates," or the negative version of these words or other comparable words. All of the forward-looking statements herein are subject to various risks and uncertainties. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions, and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond our control. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, our actual results, performance, and achievements could differ materially from those expressed in or by the forward-looking statements and may be affected by a variety of risks and other factors. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from such forward-looking statements. These factors include, but are not limited to, risks and uncertainties related to general economic conditions, including but not limited to increases in the rate of inflation and/or fluctuations in interest rates, local real estate conditions, tenant financial health, and property acquisitions and the timing of these investments and acquisitions. These and other risks, assumptions, and uncertainties are described in our filings with the SEC, which are available on the SEC's website at www.sec.gov.

You are cautioned not to place undue reliance on any forward-looking statements included herein. All forward-looking statements are made as of the date of this document and the risk that actual results, performance, and achievements will differ materially from the expectations expressed or referenced herein will increase with the passage of time. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments, or otherwise, except as required by law.

Company Overview

Broadstone Net Lease, Inc. (NYSE:BNL) (the “Company”, “BNL”, “us”, “our”, and “we”) is an industrial-focused, diversified net lease real estate investment trust (“REIT”) that invests in primarily single-tenant commercial real estate properties that are net leased on a long-term basis to a diversified group of tenants. We primarily, and selectively, invest in real estate across industrial and retail property types. We target properties with credit worthy tenants in industries characterized by positive business drivers and trends, where the properties are an integral part of the tenants’ businesses and there are opportunities to secure long-term net leases. Through long-term net leases, our tenants are able to retain operational control of their strategically important locations, while allocating their debt and equity capital to fund core business operations rather than real estate ownership.

Total Lease revenues, net		\$ 122,309	\$ 112,986		

(a) Includes initial base rents in addition to the incremental rents for our revenue generating capital expenditures.

(b) Represents tenants as of the most recent period ended whereby collection of rent over the entire lease term is not considered probable. Revenue is recognized based on cash received.

(c) Leasing to new tenants may be impacted by free rent periods in which no cash is being received. Stabilized annual cash rents on these new leases are estimated to be \$3.8 million compared to the leases under the previous tenants of \$2.9 million. Assuming new leases were stabilized as of January 1, 2026 with no impact to prior periods, pro forma same store rent growth for the three months ended June 30, 2026, would be 2.2%.

(d) Includes Transitional Capital investments that have been stabilized as of January 1, 2025.

(e) Property count excludes Transitional Capital properties.

(f) Properties that have initial base rents during periods presented and are no longer in current property portfolio on June 30, 2026.

(g) Includes operating expenses billed to tenants and other income from real estate transactions, including lease termination fee.

(a) Represents pro forma adjustment for estimated net proceeds from forward sale agreements that have not settled as if they have been physically settled for cash as of the period presented.

Covenants

The following is a summary of key financial covenants for the Company's unsecured debt instruments. The covenants associated with the Revolving Credit Facility, Unsecured Term Loans with commercial banks, and the Series A-C Senior Unsecured Notes, are reported to the respective lenders via quarterly covenant reporting packages. The covenants associated with the Senior Unsecured Public Notes are not required to be reported externally to third parties, and are instead calculated in connection with borrowing activity and for financial reporting purposes only. These calculations, which are not based on U.S. GAAP measurements, are presented to investors to show that as of June 30, 2026, the Company believes it is in compliance with the covenants.

Covenants	Required	Revolving Credit Facility and Unsecured Term Loans	Senior Unsecured Notes Series A, B, & C	Senior Unsecured Public Notes
Leverage ratio	≤ 0.60 to 1.00	0.37	0.39	Not Applicable

(a) Transitional capital, which represents a contractual yield on invested capital, and build-to-suit and redevelopment projects, which do not generate revenue until stabilization, are excluded from the calculations of total cash capitalization, weighted average lease terms, and weighted average rent increases.

(b) In connection with this acquisition, the Company expects to fund approximately \$7.0 million to re-parcel up to 80% of the property into two distinct parcels and complete related infrastructure improvements. The sale leaseback investment includes two separate leases, one for each future parcel, consisting of (i) a 12-year long-term lease with initial cash rents of \$1.5 million and annual rent escalations of 3.0%, and (ii) a one-year lease with cash rents of \$4.0 million. The Company is currently evaluating future options related to the property associated with the short-term lease, with the objective of maximizing long-term shareholder value, including potential accretive alternatives, such as redevelopment.

Redevelopment projects

Property	Projected Rentable Square Feet	Start Date ^(a)	Target Stabilization Date ^(a)	% Leased ^(c)	Lease Term (Years) ^(c)	Annual Rent Escalations ^(c)	Estimated Total Project Investment ^(a)	Cumulative Investment	QTD Q2 2026 Investment	Estimated Remaining Investment	Original Property ABR ^(a)	Estimated Stabilized ABR ^(a)
<i>In-process industrial redevelopment:</i>												
1501 Mittel (Chicago, IL MSA)	156	Apr. 2026	May. 2027	—	—	—	\$ 17,906	\$ 3,105	\$ 299	\$ 14,801	\$ 1,409	\$ 2,733

(a) Refer to definitions and explanations appearing at the end of this supplemental document.

(b) Development represents our common and preferred equity investments in a consolidated joint venture, and excludes amounts attributed to non-controlling interest holders.

(c) Redevelopment projects without executed leases are excluded from these metrics; we expect to include once a tenant is secured and a lease is in place.

The following table summarizes the timing of the Company's construction investment, quarterly rent, and ABR for in-process and stabilized developments as of June 30, 2026:

(a) Represents aggregated Estimated Total Project Investment for all projects based on estimated timeline of investment dollars on a quarterly basis. Timing of investment amounts are expected to vary based on actual construction at the properties and will be updated if there are any significant changes to expected costs from quarter to quarter.

(b) Amounts calculated based on aggregate of each project's estimated rent upon stabilization in accordance with the timing of Target Stabilization Date. We expect to update our timing estimates on a quarterly basis.

Transitional Capital

(dollars in thousands)

The following table summarizes the Company's transitional capital investments, which are excluded from real estate investment portfolio statistics:

Property ^(a)	Investment ('000s)	Stabilized Cash Capitalization Rate ^(b)	Annualized Initial Cash NOI Yield	Remaining Initial Term (Years)
Sunset Hills Retail Center - St. Louis, MO ^{(c) (d)}	\$ 57,418	8.0%	7.6%	1.0
Project Triboro Industrial Park - Olyphant, PA ^(e)	119,368	7.8%	—	2.3

(a) Each of the Company's transitional capital investments at June 30, 2026 are in the form of preferred equity.

(b) Represents stated yield with unpaid amounts accruing with preferential payment.

(c) Agreement includes an additional \$7.8 million commitment of preferred capital at the Company's sole discretion. The remaining commitment at June 30, 2026 is \$2.6 million. Agreement contains two one-year extension options subject to a 0.50% extension fee. Repayment at end of term subject to a \$3.5 million repayment fee.

(d) Underlying property metrics at June 30, 2026: 28 retail spaces, 0.3 million rentable square feet, 6.9 years of weighted average remaining lease term, 98.3% occupancy rate (based on square feet and including leases that have been executed but rent has not yet commenced), and 99.2% rent collection (on a quarterly basis).

(e) This investment represents preferred equity in four consolidated joint ventures that have acquired land designated for industrial build-to-suit development. Agreements contain two one-year extension options subject to a 0.25% fee for the first option, and a 0.50% fee for the second option, and the right to transfer or sell our preferred equity at any time.

Dispositions

(square feet and dollars in thousands)

The following table summarizes the Company's property disposition activity during 2026.

Q1 2026

Definitions and Explanations

Adjusted NOI, Annualized Adjusted NOI, Adjusted Cash NOI and Annualized Adjusted Cash NOI: Our reported results and net earnings per diluted share are presented in accordance with accounting principles generally accepted in the United States of America (GAAP). Adjusted NOI and Adjusted Cash NOI are non-GAAP financial measures that we believe are useful to assess property-level performance. We compute Adjusted NOI by adjusting Adjusted EBITDAre (defined below) to exclude general and administrative expenses incurred at the corporate level. Given the net lease nature of our portfolio, we do not incur general and administrative expenses at the property level. To compute Adjusted Cash NOI, we adjust Adjusted NOI to exclude non-cash items included in total revenues and property expenses, such as straight-line rental revenue and other amortization and non-cash items, based on an estimate calculated as if all investment and disposition activity that took place during the quarter had occurred on the first day of the quarter. We then annualize quarterly Adjusted NOI and Adjusted Cash NOI by multiplying each amount by four to compute Annualized Adjusted NOI and Annualized Adjusted Cash NOI, respectively, which are also non-GAAP financial measures. We believe Adjusted NOI and Adjusted Cash NOI provide useful and relevant information because they reflect only those income and expense items that are incurred at the property level and present such items on an unlevered basis. We believe that the exclusion of certain non-cash revenues and expenses from Adjusted Cash NOI is a useful supplemental measure for investors to consider because it will help them to better assess our operating performance without the distortions created by non-cash revenues or expenses. You should not unduly rely on Annualized Adjusted NOI and Annualized Adjusted Cash NOI as they are based on assumptions and estimates that may prove to be inaccurate. Our actual reported Adjusted NOI and Adjusted Cash NOI for future periods may be significantly different from our Annualized Adjusted NOI and Annualized Adjusted Cash NOI. Additionally, our computation of Adjusted NOI and Adjusted Cash NOI may differ from the methodology for calculating these metrics used by companies in our industry, and, therefore, may not be comparable to similarly titled measures reported by other companies.

Adjusted Secured Overnight Financing Rate (SOFR): We define Adjusted SOFR as the current one month term SOFR plus an adjustment of 0.10% per the terms of our credit facilities.

Annualized Base Rent (ABR): We define ABR as the annualized contractual cash rent due for the last month of the reporting period, excluding the impacts of short-term rent deferrals, abatements, or free rent, and adjusted to remove rent from properties sold during the month and to include a full month of contractual cash rent for investments made during the month.

Cash Capitalization Rate: Cash Capitalization Rate represents either (1) for acquisitions and new build-to-suit developments, our pro-rata share of the estimated first year cash yield to be generated on a real estate investment, which was estimated at the time of investment based on the contractually specified cash base rent for the first full year after the date of the investment, divided by the purchase price for the property excluding capitalized acquisition costs, or (2) for dispositions, the property's ABR in effect immediately prior to the disposition, divided by the disposition price, or (3) for transitional capital, the contractual cash yield to be generated on total invested capital.

EBITDA, EBITDAre, Adjusted EBITDAre, Pro Forma Adjusted EBITDAre, Annualized EBITDAre, Annualized Adjusted EBITDAre, and Pro Forma Annualized Adjusted EBITDAre: EBITDA, EBITDAre, Adjusted EBITDAre, Pro Forma Adjusted EBITDAre, Annualized EBITDAre, Annualized Adjusted EBITDAre, and Pro Forma Annualized Adjusted EBITDAre are non-GAAP financial measures. We compute EBITDA as earnings before interest, income taxes and depreciation and amortization. EBITDA is a measure commonly used in our industry. We believe that this ratio provides investors and analysts with a measure of our performance that includes our operating results unaffected by the differences in capital structures, capital investment cycles and useful life of related assets compared to other companies in our industry. We compute EBITDAre in accordance with the definition adopted by Nareit. Nareit defines EBITDAre as EBITDA excluding gains (loss) from the sales of depreciable property and provisions for impairment on investment in real estate. We believe EBITDA and EBITDAre are useful to investors and analysts because they provide important supplemental information about our operating performance exclusive of certain non-cash and other costs. Adjusted EBITDAre represents EBITDAre, adjusted to reflect revenue producing investments and dispositions for the quarter as if such investments and dispositions had occurred at the beginning of the quarter, and to exclude certain GAAP income and expense amounts that are either non-cash, such as cost of debt extinguishments, realized or unrealized gains and losses on foreign currency transactions, or gains on insurance recoveries, or that we believe are one time, or unusual in nature because they relate to unique circumstances or transactions that had not previously occurred and which we do not anticipate occurring in the future, and to eliminate the impact of lease termination fees, and other items that are not a result of normal operations. While investments in build-to-suit developments have an immediate impact to Net Debt, we do not make an adjustment to EBITDAre until the quarter in which the lease commences. We define our Pro Forma Adjusted EBITDAre as Adjusted EBITDAre adjusted to show the impact of estimated contractual revenues based on in-process development spend to-date. Our Pro Forma Net Debt is defined as Net Debt adjusted for estimated net proceeds from forward sale agreements that have not settled as if they have been physically settled for cash as of the period presented. We then annualize quarterly Adjusted EBITDAre and Pro Forma Adjusted EBITDAre by multiplying them by four ("Annualized Adjusted EBITDAre" and "Annualized Pro Forma Adjusted EBITDAre"). You should not unduly rely on this measure as it is based on assumptions and estimates that may prove to be inaccurate. Our actual reported EBITDAre for future periods may be significantly different from our Annualized Adjusted EBITDAre. Adjusted EBITDAre and Annualized Adjusted EBITDAre are not measurements of performance under GAAP, and our Adjusted EBITDAre and Annualized Adjusted EBITDAre may not be comparable to similarly titled measures of other companies. You should not consider our Adjusted EBITDAre and Annualized Adjusted EBITDAre as alternatives to net income or cash flows from operating activities determined in accordance with GAAP.

Funds From Operations (FFO), Core Funds From Operations (Core FFO), and Adjusted Funds From Operations (AFFO): FFO, Core FFO, and AFFO are non-GAAP measures. We believe the use of FFO, Core FFO, and AFFO are useful to investors because they are widely accepted industry measures used by analysts and investors to compare the operating performance of REITs. FFO, Core FFO, and AFFO should not be considered alternatives to net income as a performance measure or to cash flows from operations, as reported on our statement of cash flows, or as a liquidity measure and should be considered in addition to, and not in lieu of, GAAP financial measures. We compute Core FFO by adjusting FFO to exclude certain GAAP income and expense amounts that we believe are infrequently recurring, unusual in nature, or not related to its core real estate operations, including write-offs or recoveries of accrued rental income, lease termination fees and other non-core income from real estate transactions, non-capitalized demolition and other redevelopment costs, severance and employee transition costs, and other extraordinary items. We compute AFFO by adjusting Core FFO for certain revenues and expenses that are non-cash or unique in nature, including straight-line rents, amortization of lease intangibles, amortization of debt issuance costs, adjustment to provision for credit losses, non-capitalized transaction costs such as acquisition costs related to deals that failed to transact, (gain) loss on interest rate swaps and other non-cash interest expense, deferred taxes, stock-based compensation, and other specified non-cash items.

Definitions and Explanations (continued)

Gross Debt: We define Gross Debt as total debt plus debt issuance costs and original issuance discount.

Net Debt: Net Debt is a non-GAAP financial measure. We define Net Debt as our Gross Debt less cash and cash equivalents and restricted cash.

Occupancy: Occupancy or a specified percentage of our portfolio that is "occupied" or "leased" means as of a specified date the quotient of (1) the total rentable square footage of our properties minus the square footage of our properties that are vacant and from which we are not receiving any rental payment, and (2) the total square footage of our properties.

Rent Coverage Ratio: Rent Coverage Ratio means the ratio of tenant-reported or, when available, management's estimate, based on tenant-reported financial information, of annual earnings before interest, taxes, depreciation, amortization, and cash rent attributable to the leased property (or properties, in the case of a master lease) to the annualized base rental obligation as of a specified date.

Same Store Rental Revenue: Represents cash base rents, net of uncollectible amounts, and excludes the amortization of above/below market leases, straight-line rent, operating expenses billed to tenants, net write-offs of accrued rental income, and other income from real estate transactions for properties that we owned for the entire year-to-date period for both current and prior year except for properties during the current or prior year that were under development. For purposes of comparability, same store rental revenue is presented on a constant currency basis by applying the exchange rate as of the balance sheet date to base currency rental revenue.

Straight-line Yield: Straight-line yield represents our pro-rata share of the estimated first year yield to be generated on a real estate investment, which was computed at the time of investment based on the straight-line annual rental income computed in accordance with GAAP, divided by the purchase price.

Definitions Related to Development Properties:

- **Estimated Cash Capitalization Rate:** Calculated by dividing the estimated first year cash yield to be generated on a real estate investment by the Estimated Total Project Investment for the property.
- **Estimated Stabilized ABR:** The Estimated Stabilized ABR represents estimated ABR expected at the completion of our redevelopment projects based on current expected market rates or executed leases.
- **Estimated Straight-line Yield:** Represents the estimated first year yield to be generated on a real estate investment, which was computed at the time of investment based on the estimated annual straight-line rental income computed in accordance with GAAP, divided by the Estimated Total Project Investment.
- **Estimated Total Project Investment:** Represents the estimated costs to be incurred to complete development of each project, inclusive of any economic incentive amounts expected to be received. We expect to update our estimates upon completion of the project, or sooner if there are any significant changes to expected costs from quarter to quarter. Excludes capitalized costs consisting of capitalized interest and other acquisition costs. Redevelopment projects include remaining GAAP basis of the property from the initial purchase, which includes impacts of depreciation, accelerated depreciation, or impairments.
- **Original Property ABR:** The Original Property ABR represents total ABR at the time of our expiring leases for our redevelopment projects.
- **Start Date:** The Start Date represents the period in which we have acquired access to the land and begun physical construction on a property. For redevelopments, this date also represents the date of the expiring leases from our Original Property ABR.
- **Target Stabilization Date:** The Target Stabilization Date is our current estimate of the period in which we will have substantially completed a project and we expect to begin collecting rents. We expect to update our timing estimates on a quarterly basis.
